So urgent is the demand for clerical aid in the offices of the various county tax assessors that civil service rules are to be sweepingly suspended in the employment of tax assistants for the time being at least. It is estimated that before Feb. 1 real estate cards in the number of 1.500,000 will have to be filled out and the call issued from 88 counties for clerks finds the state civil service commission with almost no eligible list. So the commission is taking the bull by the horns and is permitting hundreds of clerks to be employed in the various counties "provisionally." gold, and grave upon it, like the signet, 'Holiness to upon the mitre of the high priest, who its root idea separation, dedication: hence this inscription meant that Israel was separated unto the Lord. This word may be applied to inanimate things, such as the vessels and vestments of the sanctuary: but in the case of men, such separation as

moral purity and righteousness How do we need to be thus set apart to God! This separation is to reach the heart and life as well as our service. One might even go to wander, aged 27, was arrested at his the foreign field and yet be unyielded home in Jackson township on the to God, so far as the daily life is concerned.

Such separation is expected of all Christians, for in the New Testament all are spoken of as saints-separated ones. We have heard of a teacher who called the worst cheat in his gent. As they were so addressed from day to day, they grew ashamed and tried more and more to live up to their names. God calls us saints:

let us be saints-separated ones. The Permeation of Hollness .- Zechariah 14:20 reads, "In that day shall there be upon the bells of the horses, Holiness unto the Lord; and the pots in the Lord's house shall be like the primarily to the happy millennial day which is coming. At that time, hollness shall so permeate life that kitch-en utensils shall be as holy as the ves-sels of the house of God. Even the horses, which were not comm used in Israel because they savored so much of war and display, shall be once placed upon the priest's mitre, shall be found on their bells. But ture, we may even now

lives with holiness. Our diversions may be ballowed Many are mad at this point, yet our recreations may be indulged in religithe Lord. We may even consecrate some things which, under certain circumstances, would not be lawful. A young man found that the very violin which had been a snare could be used to glorify God: this was like writing

on the bells of the horses, Holiness to the Lord. Business may be sacred. A mar was told that his heart was disand death might come at any ed that if my master comes at any moment, I will not be ashamed." This attitude towards Jesus Christ will

make all business sacred. All our work may be sanctified. A busy life need not hinder fellowship with God. Have we noticed that the Levites acted as butchers, bakers, merchants, lawyers, physicians, teachers, and did many lowly things, such as lighting the lamps, sweeping the floors and preparing the wood for the altar? Yet they were ministers of the Lord! Our Lord Jesus Christ tolled for 30 years at Nazareth, yet when he came forth God said, "This is my beloved son, in whom I am well pleased." Paul says, even to slaves. Whatsoever ye do, do it heartly, as to the Lord, and not unto men. . Ye serve the Lord Christ"

3:23 24.) The Perfection of Holiness. lation 22:4 reads, "His name shall be in their foreheads." This passage looks back to the one first read; the name of the Lord shall be inscribed on the brow of the glorified just as it was once inscribed on the mitre of Israel's priest.

This implies ownership, for we write our names upon that which is ours. But more than ownership is implied, for the name of God stands for his character. God's very character we shall be like him! An African girl, asked to bring a gift for Jesus, sold herself as a slave

and brought the price, since she had nothing else to give. May we feel. with her, the force of this appeal: "For the love of Christ constraineth us; because we thus judge, that one died for all, therefore all died; and he died for all, that they which live should no longer live unto themselves, but unto him who for their sakes died and rose again." (II Cor. 5:14, 15 Each a Part of Life's Forces

We are all a part of life's forces, whether we know it or not. Be as humble as you like, you are still a person of influence, if not by your own choosing, then often by God's decree It may be only a smile or a simple kindness that you have given to a little child, but it starts agencies you little dream of; or it may be some selfishness and lack of honor, some weakness in you that sets in motion a long train of hurtful and sad influences or circumstances. For all life is connected and whether you wish it or not, your life affects other lives.

When the day returns, return to us, our sun and comforter, and call us un with morning faces and with morning hearts eager to labor-eager to be happy, if happiness shall be our portion-and if the day be marked for sorrow, strong to endure it.-Robert
